Backup Heater Up
Optional

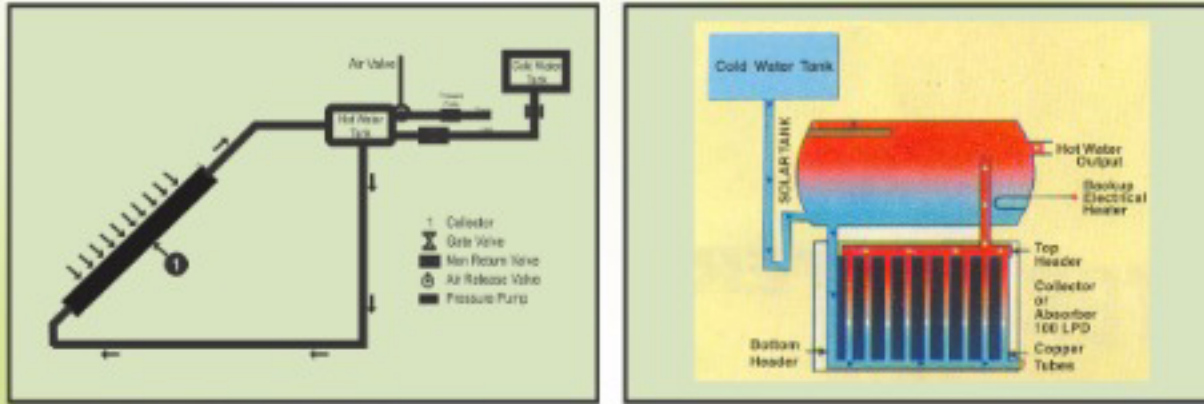

Exceptional Benefits of Integrated Solar Water Heaters.

- High efficiency with 93% absorption.
- Unlike flat plates solar the tubes can be cleaned easily from inside, scales can be easily removed in case hard water.
- Powder coted outer tank PUF insulation ensures low conduction and convection losses to atmosphere.
- Powder coted stand to give more strength & life.
- Low cost and long life.
- Excellent service backup.
- World's latest Innovated technologies.
- High temperature.
- Less scale due to tube big diameter.

Note.

Due to the continuous development & product improvement, the company reserves the to change/ alter the specifications without any prior notice.

- Upper litre capacity is adjustable with E.T. Ltr. capacity.

Unique advantages of Surya Urja

- Best insulation is provided by evacuates glass tubes. Works on the principle of natural Thermosiphon Circulation.
- The system is being commercially used since last 10 year by a number of like USA, Japan, Germany, Australia, Spain and Others.
- Government of INDIA (MNRE) system approved the Product ETC & decided to promote its use throughout our country.

Pressurised Solar system also available in ETC or FPC

- Tank Material : GI / Zink Coted
- Insulation : High-density Poly Urethane foam(PUF)
- Outer Cover : GI powder coted / S.S.
- Stand : Modular stand

Evacuated Tube Collector(ETC)

Litre Cap	Family Mem.	Litre Cap.	Family Mem.
100Ltr	2 to 3	250 Ltr	05 to 06
150Ltr	3 to 4	300 Ltr	06 to 07
200Ltr	4 to 5	400 Ltr	07 to 09
500Ltr	9 to 11	1000Ltr	15 to 22

Available Capacity : 100, 150, 200, 300, 400, 500 Litres

Applications :

Household Water Heating, Hostel, Hospital, Hotel & Restaurant industrial and commercials, Institutional, Swimming pool, Health Club etc.
